## SAM.gov Federal Contract Alert Service

# Federal contract alerts, delivered to your inbox.

Stop searching SAM.gov manually. We monitor federal contract opportunities by NAICS code and deliver a clean, curated email to your inbox every morning, or on any schedule you choose. Every posting links straight to the opportunity on SAM.gov, and you never need a SAM.gov account or login to receive your alerts.

Broad NAICS code pulling in work you do not bid? Keyword filters include or exclude opportunities before the email is ever sent, so what lands in your inbox is worth reading.

## What you get

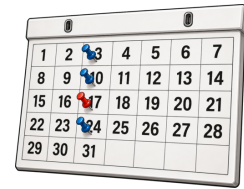

### Multiple NAICS Codes

Bundle related codes into one subscription, no limit

### Keyword Filtering

Include or exclude terms to cut through broad NAICS noise

### Flexible Frequency

Hourly, daily, weekly, or anywhere up to every 30 days

### Awards-Only Email

A separate alert for contract awards: track competitors and market rates

### Clean Email Format

Scannable email with direct SAM.gov links, no login required

### Custom Setup

We configure everything for you, just tell us what you need

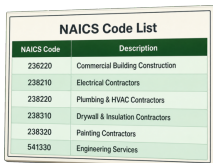

## Example use cases

**NAICS 541330, Engineering Services:** Filter by "mechanical" to exclude electrical and civil work posted under the same broad code.

**NAICS 236220, Commercial Construction:** Filter by "renovation" or "new construction" to target only the project types you pursue.

**Multiple codes, full portfolio coverage:** Bundle 541611 + 541618 into one daily email, no need for separate subscriptions.

## How it works

| NAICS Code | Description                      |
|------------|----------------------------------|
| 236220     | Commercial Building Construction |
| 238210     | Electrical Contractors           |
| 238220     | Plumbing & HVAC Contractors      |
| 238310     | Drywall & Insulation Contractors |
| 238320     | Painting Contractors             |
| 541330     | Engineering Services             |

### 1. Tell us your codes

Give us one or more NAICS codes and any keywords to include or exclude. We configure everything for you.

### 2. We watch SAM.gov

Our system queries the SAM.gov public API on your schedule and filters the results before anything is sent.

### 3. Alerts hit your inbox

A clean, scannable email with every new posting. Click through to any opportunity on SAM.gov.

## Every subscription includes

- ✓ Multiple NAICS codes in a single subscription
- ✓ Any frequency from hourly to every 30 days
- ✓ Direct SAM.gov links, no account or login required
- ✓ Outage-aware retries and automatic catch-up
- ✓ Include and exclude keyword filtering
- ✓ Separate awards-only email on its own schedule
- ✓ Data straight from the SAM.gov public API
- ✓ Custom setup and changes handled by us

## What subscribers say

"I receive targeted contract opportunities directly to my inbox every morning, saving hours of manual searching and letting me respond to potential contracts faster."

Bill, Civil Contractor in North Carolina

"The opportunities were relevant, and we had time to submit quotes without rushing. It saved us several hours of manual searching every week."

Derrick, Communications Contractor in Ohio

"We work under multiple NAICS codes, and Blackhawk helped us keep everything straight. They pointed us to the federal jobs that matched our capabilities instead of us guessing."

Karen, IT Contractor in Texas

## See it for yourself

Tell us your NAICS codes and we will get your alerts configured. Request more information and we will work up a quote for our services.
